FIVE ACRES GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Five Acres Group Home (Five Acres) in August 2012. Five Acres has two sites located in the Fifth Supervisorial District and provides services to Los Angeles County DCFS foster children and youth. According to Five Acres' program statement, its purpose is "to provide services to male and female court dependent seriously emotionally disturbed children."

Five Acres has one six-bed site and one 50-bed site and is licensed to serve a capacity of 56 boys or girls, ages seven through 18. At the time of the review, Five Acres served 38 placed DCFS children. The placed children's overall average length of placement was 14 months and their average age was 15.

SUMMARY

During our review, the children interviewed generally reported feeling safe at Five Acres and having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity.

Five Acres was in full compliance with nine of 10 areas of our contract compliance review: Facility and Environment; Maintenance of Required Documentation and Service Delivery; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children; and Personnel Records.

"To Enrich Lives Through Effective and Caring Services"

We noted deficiencies in the area of Licensure/Contract Requirements. Community Care Licensing (CCL) had cited Five Acres on safety and physical plant deficiencies on March 28, 2012 and July 13, 2012. Five Acres needed to monitor the temperature of the hot water at the Solita site and install a cover over the Residential Treatment Center (RTC) boardroom fireplace. We instructed Five Acres supervisory staff to enhance monitoring in order to eliminate safety and physical plant deficiencies.

Attached are the details of our review.

REVIEW OF REPORT

On September 12, 2012, the DCFS OHCMD Monitor, Edward Preer, held an Exit Conference with Five Acres staff, Elizabeth Gonzalez, Director; Rosario Samayoa Quality Assurance Supervisor; Melissa Spragg, Clinical Supervisor; Chin Ling Chen, Group Home Program Supervisor; Jude Ann Catayong, Quality Assurance Analyst; Angie Loilur, Assistant Director of Milieu Services; Manuel Mercado, Clinical Supervisor; Leon Lozano, Public School Coordinator; Donna LeCesne, Director of Milieu Services, RTC Liaison; Cindy Coons, Director of Mental Health Services; and Frances Colella, Supervisor of Health Services. Five Acres representatives were in agreement with the review findings and recommendations, were receptive to implementing systemic changes to improve their compliance with regulatory standards and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller (A-C) and CCL. Five Acres provided the attached approved CAP addressing the recommendations noted in this Compliance Report. We will assess for implementation of recommendations during our next monitoring review.

**FIVE ACRES GROUP HOME
CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2012-2013**

SCOPE OF REVIEW

The purpose of this review was to assess Five Acres' compliance with its County contract requirements and State regulations and included a review of the Five Acres' program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements
- Facility and Environment
- Maintenance of Required Documentation and Service Delivery
- Educational and Workforce Readiness
- Health and Medical Needs
- Psychotropic Medication
- Personal Rights and Social Emotional Well-Being
- Personal Needs/Survival and Economic Well-Being
- Discharged Children
- Personnel Records

For the purpose of this review, seven placed children were selected for the sample. We interviewed each child and reviewed their case files to assess the care and services they received. At the time of the review, seven placed children were prescribed psychotropic medication. We reviewed their case files to assess for timeliness of Psychotropic Medication Authorizations (PMAs) and to confirm the required documentation of psychiatric monitoring. Additionally, three discharged children's files were reviewed to assess Five Acres' compliance with permanency efforts.

We reviewed five staff files for compliance with Title 22 Regulations and County contract requirements, and conducted site visits to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

We found the following area out of compliance.

Licensure/Contract Requirements

- We found that on March 28, 2012, CCL had cited Five Acres' Solita site due to a safety violation; the temperature of the water was too hot. Five Acres needed to monitor the temperature of the hot water at the Solita site. The Five Acres' maintenance staff corrected the hot water temperature and added monitoring the temperature of the hot water to his weekly maintenance check list. CCL cleared Five Acres of the safety deficiency during a follow-up visit to the Solita site on March 29, 2012.

- On July 13, 2012, CCL cited Five Acres Residential Treatment Center (RTC) due to physical plant deficiency; the boardroom fireplace did not have a cover. Five Acres reported that the boardroom fireplace had not been used in 20 years; however, a fireplace cover was installed. CCL cleared Five Acres RTC site of the physical plant deficiency upon receiving documentation that the boardroom fireplace was covered on July 23, 2012.

Five Acres will enhance monitoring of its sites in order to eliminate safety and physical plant deficiencies.

Recommendation

Five Acres' management shall ensure that:

1. All sites are maintained in compliance with Title 22 regulations and County contract requirements.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The OHCMD's last compliance report dated July 24, 2012 identified two recommendations.

Results

Based on our follow-up, Five Acres fully implemented both previous recommendations for which they were to ensure that:

- They develop comprehensive Initial NSPs.
- They develop comprehensive Updated NSPs.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER
